

We thank you for your attention and interest in Micro-Tom full-length cDNA clone collection. Please be advised that we will put a new price table for full-length cDNA clones. Effective from July 1st, 2010, you will be charged every single clone order.

Kindly note that the annual charging period, Jan 1st to Dec 31st, remains unchanged but you may receive two billing notes in January next year, 2011; i.e. Jan 1st~Jun 30th 2010 at previous price table and Jul 1st ~Dec 31st 2010 at new price table.

This is for the purpose to accommodate beneficiaries-pay principle even for academic research, and it is grateful for your understanding to this change.

University of Tsukuba, Hiroshi Ezura
Kazusa DNA Research Institute, Koh Aoki

New price table for plant gene clones

Effective from July 1 st , 2010	For academic Institute
1-30 clones per year	3,000 JPY/clone
31-60 clones per year	2,800 JPY/clone
>=61 clones per year	2,600 JPY/clone

Effective from July 1 st , 2010	For company
1-30 clones per year	6,000 JPY/clone
31-60 clones per year	5,600 JPY/clone
>=61 clones per year	5,200 JPY/clone
